

Organised Club Trips

At the Club Meeting of 14 July 2024 after a discussion on organised Club trips with appointed leaders, it was agreed that I post the following message for all members;

Members are reminded that all party's attending an organised Club trip must follow the appointed group leaders or organisers advise and instructions.

This is in line with Paddle UK (our Governing body's recommendations for safety on the water.

Should any member(s) wish to deviate from a previously agreed group plan, they may not do so until;

- a) It has been agreed that there is a competent person to lead such a group and that it is safe to do so.
- b) The leader of that group assumes all responsibility for any accidents that may occur.

The bottom line is that it is club policy and best practice to keep a group or groups together where it is practical and safe to do so and core club members are worried that by allowing groups to separate is bad practice and gives rise to safety issues
